# Browsing Centre AMGDC Kilam

The Browsing Centre of AMGDC was established in 2022, which is catering to computational requirements of the entire College. It is equipped with around twenty two computers. At present, this Centre is providing Internet facilities, network services, email services to all the students, departments, classrooms, College Library, Administrative Section of AMGDC. The centre is also playing a role as a central facilitator of computing facilities to its users who are intensely engaged in research and academic activities. This Computer and Information Technology Centre is solely responsible for keeping the Information and Communication Technology & Computation related facilities available to each and every member. Many departments use the facilities of the Computer Lab to conduct their practical classes & examinations. New hardware and software are procured on a regular basis so as to provide a state of the art computing facility to the AMGDC family. Browsing Centre takes all possible steps in its capacity to make the network accessible round-the-clock. Efforts are being made to improve the reliability to meet the expectations of the user-base.

The Centre is having a strong and dedicated team to provide smooth services to the users.
